Material Safety Data Sheet

Regulation (EC) No 1907/2006 (REACH), Annex II

Date : Nov.26, 2021

Report No. : TCT211126W003 Date : Nov.26, 2021

Page No.: 3 / 8

No information available

Section 3- Composition/Information on Ingredients

Chemical Name	CAS No.	CONTENT%
ethyl acetate	141-78-6	0.40%
amyl valerate	2173-56-0	0.35%
Ethyl butyrate	105-54-4	0.20%
Orange sweet oil	8008-57-9	0.15%
Methyl salicylate	119-36-8	0.30%
Benzyl acetate	140-11-4	0.30%
Stem Nicotine	54-11-5	2.00%
Propylene Glycol	57-55-6	49.30%
Vegetable Glycerin	56-81-5	47.00%

Section 4- First Aid Measures

(a) Description of first aid measures

General advice	In case of accident or unwellness, seek medical advice immediately				
Inhalation	If fumes or combustion products are inhaled, remove victim to fresh air and				
	keep at rest in a position comfortable for breathing. Get medical				
	advice/attention if you feel unwell				
Ingestion	Give water to rinse out mouth, then drink plenty of water, vomiting, and go to a doctor				
Eye contact	Keep eyelids apart and away from eye and moving the eyelids by lifting the upper and lower lids occasionally, flush eyes with plenty of water or saline water for at least 15 minutes, call a physician if irritation persists.				
Skin contact	Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before				
	reuse. If skin irritation persists, call a physician.				
(b) Most important	symptoms and effects, both acute and delayed				

No information available

(c) Indication of any immediate medical attention and special treatment needed Treat symptomatically

Report No. : TCT211126W003 Date : Nov.26, 2021

Page No.: 4 / 8

Section 5- Fire Fighting Measures

(a) Extinguishing media
Suitable extinguishing Water spray, Dry powder, CO₂, Foam media
Unsuitable No information available
extinguishing media

(b) Special hazards arising from the substance or mixture No information available

(c) Special protective equipment and precautions for fire-fighters

Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear; Prevent, by any means available, spillage from entering drains or water courses; Use water delivered as a fine spray to control fire and cool adjacent area.

Section 6- Accidental Release Measures

(a) Personal precautions, protective equipment and emergency procedures

Evacuate personnel to safe areas. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation, especially in confined areas. Do not breathe dust/fume/gas/mist/vapors/spray.

(b) Environmental precautions

Prevent product from entering drains

(c) Methods and material for containment and cleaning up Pick up and transfer to properly labeled containers. Avoid generation of dust

Section 7- Handling and Storage

(a) Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Avoid generation of dust. Do not breathe dust/fume/gas/mist/vapors/spray

(b) Conditions for safe storage, including any incompatibilities

Keep containers tightly closed in a dry, cool and well-ventilated place. Protect from moisture and fire. Store away from Oxidant, acids, halogen, Equipped with corresponding varieties and number of fire equipment and leakage emergency treatment equipment.

Report No. : TCT211126W003 Date : Nov.26, 2021

Page No.: 5 / 8

Section 8 - Exposure Controls/Personal Protection (a) Exposure controls **Engineering Controls** Strictly abide the operation procedures, wear protective clothing and rubber gloves. Install ventilation devices in workplaces (b) Personal protective equipment Respiratory Protection: Special protection is generally not required, **Personal protective** equipment but if exposed to dust, it is recommended to wear self absorption filter dust masks Skin Protection: Wear suitable protective clothing and gloves Eye Protection: Not necessary under normal conditions. Wearing chemical safety protective glasses if necessary **Hygiene Measures** Wash hands or take a shower after working (c) Environmental exposure controls Avoid release to the environment Section 9- Physical and Chemical Properties **Physical State** Color: Light yellow Form: Liquid Odor: Mixed fruit pH, with indication of the No data concentration Melting/freezing point No data **Boiling Point, initial boiling** No data point and Boiling range Flash Point No data Evaporation rate No data Flammability (soil, gas) No data Upper/lower flammability or No data explosive limits No data Vapor pressure Vapor Density (Air = 1) No data No data **Density/relative density** Solubility in Water Insoluble in water.

STOT - single exposure **STOT - repeated exposure** Aspiration hazard

Not classified Not classified Not classified

Section 12-Ecological Information

Toxicity Persistence and degradability **Bioaccumulative potential** Mobility in soil Other adverse effects

No information available No information available

No information available No information available No information available

Section 13 – Disposal Considerations

Waste treatment methods

Product disposal recommendation: Observe local, state and federal laws and regulations.

Packaging disposal recommendation: Containers may be recycled or re-used. Observe local, state and federal laws and regulations. The potential effects on the environment and human health of the substances used in material; the desirability of not disposing of

waste material as unsorted municipal waste and of participating in their separate collection so as to facilitate treatment and recycling;

Section 14 – Transport Information

UN Number Proper shipping name Hazard Class Packing Group **Environmental hazards Special precautions** Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not regulated Not regulated Not regulated Not regulated Not regulated No information available Not applicable

Section 15 – Regulatory Information

Safe, health and environment regulations/ legislation specific for the substance or mixture International laws/ regulations

Endanger the safety of information requirements on the label

Requirements for hazard and safety information on the label

Tags according to EU guidelines

The product should follow the relevant regulations of EU Directive/Hazardous substances

regulations

Section 16 – Additional Information

The information above is believed to be accurate and represents the best information currently available to us. However, concorde makes no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. Although reasonable precautions have been taken in the preparation of the data contained herein, it is offered solely for your information, consideration and investigation. This material safety data sheet provides guidelines for the safe handling and use of this product; it does not and cannot advise on all possible situations, therefore, your specific use of this product should be evaluated to determine if additional precautions are required.

The data/information contained herein has been reviewed and approved for general release on the basis that this document contains no export controlled information.
